

CCO-MKA

Score Choice™

The New SAT® Score-Reporting
Feature

CollegeBoard

ScoreChoice gives you the option to choose which SAT Reasoning Test scores (by test date) and which SAT Subject Test scores (by individual test) to send to colleges.

1. **You may use the ScoreChoice option only when it is allowed by a college.** In most cases, students will continue to submit all test scores from all tests dates as they always have. You will be relieved to know that only the highest scores from the various tests will be used by colleges with no penalty for lower scores.
2. **ScoreChoice is free.** However, only the first four score reports to colleges are free (with test registration). There is an additional charge for extra reports to additional schools.
3. **ScoreChoice is available online using your College Board ID and password.** College by college, you decide which scores to send according to each school's guidelines.
4. **You are responsible for sending all of your standardized test scores to colleges.** Both you and MKA receive copies of ALL standardized test scores, but, by law, MKA does not report any standardized test score to any college.
5. **Your counselor will work closely with you to insure that all SAT and ACT test score submission is in your best interest.** If you want to learn more about this new program and its procedures, please consult the following College Board website:
